

OPTION 01

Tiny Trails

A joyous, vibrant space for your smallest ones to crawl, toddle, and explore at their own pace.

The Bubble Pond

Jump in, splash around, and get completely lost in a sea of colourful balls. Laughter is pretty much guaranteed.

Little Engineers

Stacking, building, knocking it all down and starting again. We promise you hours of happy and creative chaos.

Happy Farm

Run the farm, tend the crops, and sell your harvest at the market stall. A little world of work, play, and keeping things running.

Mini Garage

Tune up, fix up, and race into imaginative play. A playful pit stop for little mechanics in action.

Water Zone

Pouring, splashing, and making a wonderful mess. Just pack a spare set of clothes and let them go for it.

Little Explorers

Dig, discover, and uncover hidden treasures beneath. The kind of play kids still talk about on the way home.

Cute Climbers

Climb, scramble, and feel very brave doing it. A great spot for burning off energy and building a little confidence along the way.

OPTION 02

Tiny Trails

My favourite corner of the whole place. A joyous, vibrant space for your smallest ones.

The Bubble Pond

One thing I can guarantee is that your little ones can jump in, splash around, and get completely lost.

Little Engineers

I once spent an afternoon stacking things in here. I promise you hours of happy and creative chaos.

Happy Farm

Grow it, harvest it and sell it, then come find me because I will be your best customer.

Mini Garage

My scooter's been making a funny noise for weeks. Our little mechanics got straight to work.

Water Zone

I would advise you to just pack a spare set of clothes and let them go for making a wonderful mess.

Little Explorers

There may or may not be something buried in there that I hid last Tuesday. Just, keep digging.

Cute Climbers

I won't lie. This is a great spot for burning off energy and building a little confidence along the way.

Flyer:

Play Area: 10,000 sq. ft. of screen-free, imagination-first play across 9 unique zones

Party Hall: Birthdays, milestones, and celebrations handled end-to-end.

Food Court: Familiar, kid-friendly food the whole family actually enjoys

Workstation for Parents: Stay close, stay comfortable, stay connected while the kids play.
